Fax: 00996-312-9792 54/55

26 July 2016

CIRCULAR

The Embassy of India has been reiterating the importance of registration by the Indian students with the Embassy. The data of students thus obtained enables this Embassy as well as the Government of India to formulate student-related services and to engage effectively with the student community.

We are happy to inform that the facility of registration for the students is now available online at the Embassy's website (<http://embassyofindia.kg/>). All Indian students are once again requested to register their names with the Embassy, if not done already.

In addition to registering with the Embassy, the Indian students are also requested to register their names and other details at the Government of India portal namely, "MADAD" (<http://www.madad.gov.in/>) on the Student Registration Module. The homepage of MADAD portal provides basic guidance on how students can register themselves in this module.

[Kanti Raman]  
Second Secretary (PIC)
